

Call for Abstracts: 2024 International Colloquium on Hyperemesis Gravidarum

Conference Date: November 6th-7th, 2024

Location: Ventura, California, USA

About the Conference:

The 2024 International Colloquium on Hyperemesis Gravidarum is the fifth biennial conference dedicated to advancing our understanding and improving the treatment of Hyperemesis Gravidarum (HG), a severe form of nausea and vomiting during pregnancy. This groundbreaking event will bring together researchers, clinicians, patient representatives, patient advocacy groups, and other stakeholders who share a common interest in addressing the challenges and complexities of HG.

Call for Abstracts:

We are pleased to invite professionals, researchers, clinicians, and patient representatives with expertise in HG to join us as presenters at the 2024 International Colloquium on Hyperemesis Gravidarum.

Presenter Opportunities:

The conference offers various presenting opportunities, including plenary sessions, workshops, breakout sessions, panel discussions, and poster presentations.

Why Present at ICHG 2024:

Presenting at the International Colloquium on Hyperemesis Gravidarum provides you with a unique platform to share your expertise, connect with fellow professionals, and contribute to the advancement of HG research and patient care. It's an opportunity to make a lasting impact on a condition that affects millions of pregnancies worldwide.

How to Submit Your Proposal:

If you are interested in presenting at the conference, please submit your proposal by April 1st, 2024. Your proposal should include the following:

1. Your full name and contact information.
2. A brief biographical sketch highlighting your expertise in HG or related fields (we encourage participation of early career researchers and first time presenters).
